

International Symposium on

Artificial Life and Robotics

(AROB)

This AROB 15th '10 (Feb.4-Feb.6, 2010. B-Con Plaza, Beppu, Oita, JAPAN) symposium invites you all to discuss development of new technologies concerning Artificial Life and Robotics based on simulation and hardware in twenty first century.

We wish to thank the following for their contribution to the success of this conference:

- Ministry of Education, Culture, Sports, Science and Technology, Japanese government
- Japan Society for the Promotion of Science (JSPS)-

HISTORY OF SYMPOSIUM:

This symposium was founded in 1996 by the support of Science and International Affairs Bureau, Ministry of Education, Science, Sports, and Culture (presently, Ministry of Education, Culture, Sports, Science and Technology), Japanese Government. The first four, Seventh to Tenth symposium (1996-1999, 2002-2005) were held at B-Con Plaza, Beppu. The Fifth symposium (2000) took place at Compal Hall, Oita and the Sixth (2001) at U-port, Tokyo, Japan. The Eleventh to Fourteenth symposiums (2006-2009) were held at B-Con Plaza, Beppu, Japan.

[Many hot spas](#)

OBJECTIVE OF SYMPOSIUM :

is development of the new technologies for Artificial Life and Robotics which have been born recently in Japan and are expected to be applied in various fields. This symposium will discuss the new results in the field of Artificial Life and Robotics for information technology.
